I remember having really good **scrambled eggs** only one time here. That is why I almost always ask for fried eggs. I recommend the following videos to Management:

**Raisin Bran** has been missing for at least several days. Sometimes no **coffee cups** and **drinking glasses** are available, and **milk** and **coffee** are missing, and **bottles** are not **adequately labeled**. This is not a waiter problem; waiters are working hard. This is a management problem. These concepts are not difficult; often they appear in children's coloring books.

One operative and significant word is "**label**."

**noun**

1. a small piece of paper, fabric, plastic, or similar material attached to an object and giving information about it. --- synonyms: tag, ticket, sticker, marker, tab --- "the price is clearly stated on the label"
2. a narrow horizontal strip, typically with three downward projections, that is superimposed on a coat of arms by an eldest son during the life of his father.

**verb**

1. attach a label to (something). --- "she labeled the parcels neatly, writing the addresses in capital letters" --- synonyms: tag, put labels on, ticket, mark --- "label each jar with the date"
